## RUSSIANS CHEERFUL IN RETREAT

**Baltic Fleet has Left for the East**  
**Russian Reserve Troops**  
**Called Out**

### PORT ARTHUR EXPECTS ANOTHER ATTACK.

Chefoo, August 12th.—The story of the happenings before Port Arthur for the past ten days, according to the Novi Krai is one of bombardment, outpost clashes and reconnoitering exploits. Russian activity on the north-east which includes Riplingshan and Ridwanshan is noted and the inference is drawn that an attack in that quarter is expected. The bombardments of Paluichang fort are frequent. The Russians are trying desperately to retard the further strengthening of this position.

On Sept. 11th a fire partly destroyed the village of Paluichang. After the Russian artillery levelled a stone house and walls which the Japs had been using for cover the Japs outposts thereupon were strengthened and wires hung with bells were strung to sound an alarm in case of a sudden attack. The village of Chalitset, which was in front of the parade grounds has also been destroyed presumably by the Russians.

### RUSSIANS CHEERFUL IN RETREAT.

Mukden, Sept. 10th, (via Pekin, Sept. 12th).—The Russians are continuing their retirement to Tie Pass. The Japs' advance is slow though the Mukden situation is not unfavorable to them. Many Russian companies now consist of only thirty men. Notwithstanding the Russian reverses the retreating troops are cheerful.

London, Sept. 11th.—A despatch to Reuter's telegraph company from St. Petersburg says it is understood that Viceroy Alexiieff, in view of the paramount military exigencies in the far east, has placed his resignation in the hands of the Emperor, but that no decision with regard to it has yet been taken.

### ALL IS QUIET AT MUKDEN.

Mukden, Sept. 11th.—All is quiet in this region. It is understood that the main force of the Japanese has retired to Yentai. A solemn service was held here to day for the repose of the souls of those killed in action. It was attended by the entire staff and garrison. A few distant shots were heard during the ceremony, but this did not disturb the solemnity of the service.

The weather is threatening and rain is expected.

Cronstadt, Sept. 11th.—The Baltic fleet sailed to-day for the far east. The vessels of the fleet were as follows: The Baltic ship Souvaroff, vice admiral Rojestivensky's flagship; the Navarin, Sissoi Veliky, Porodino, Alexander III, Orel, Oleg and the Osliahan, rear admiral Voedkersan's flagship; the cruisers Admiral Nodhimoff, Dimitri Donskoi, Aurora and the Almaz, rear admiral's flagship and several torpedo boats and destroyers.

The fleet will merely touch at Liban, where it will be joined by twelve transports, colliers, and supply ships already waiting there and will then proceed direct to the Orient.

St. Petersburg, Sept. 11th.—The Emperor has called to arms the reserve troops in twenty-two circuits of governments of Kherson, Bessarabia, Ekaterinograd and Lauride, belonging to the military district of Odessa and also one category of reserve officers throughout the Empire.

Steel  
Ranges

Ross Brothers, Limited, have Steel Ranges from \$30 to \$60. They have a first class full No. 9 Steel Range,

Made in  
Canada

With Copper Reservoir, High Enclosed Closet, fitted to burn either wood or coal at \$48. This Range has an extra large fire box and is well suited for town or country use. We also have ranges without high closets very much cheaper, that have very large ovens, large fire places and are built especially for farmers use.

It seems absurd to us that Steel Ranges can be sold at prices nearly double what we are asking, that have not got nearly as many good points to recommend them as our \$48 Ranges. Our \$48 Range is heavier, larger both in oven and fire place,

And we  
Guarantee

That our Castings will not warp out of shape nearly as soon as some of the much vaunted higher priced Cook Stoves or Ranges

Why, you fit up a whole kitchen with us for nearly the price you are asked for a Cooking Stove or Range alone. We will convince you of this fact if you want a Range and will be pleased to show you the goods at our store.

## THE EMPIRE BLOCK

## CONSTRUCTION WORK

Is Proceeding Rapidly. Building Will be a Distinctive Credit to the City

Construction work is now proceeding rapidly on McDougall and Secord's Empire Block, corner of Jasper Avenue and First street. It is to consist of four storeys and basement, 75 feet by 100 feet. The first storey, on the Jasper avenue front will consist wholly of polished sandstone with carved capitals. The balance of the building will be faced with pressed red brick with stone trimmings. The first street front of the first storey will consist of channeled brick work. The block will be about seventy feet high. Provision has been made for a passenger elevator and a hoist elevator will be installed from the first. The block is being fitted with splendid plumbing fixtures and a first-class electric lighting system will be installed. The building will be heated by steam throughout.

The ten foot basement under the whole of the building affords splendid storeroom space. In the basement also will be located the boilers in connection with the heating system.

The ground floor will be occupied by the Bank of Nova Scotia and by McIntosh and Campbell, furniture dealers. The bank will occupy the corner. McIntosh and Campbell's furniture store will have a main entrance on Jasper avenue and a first street entrance to their undertaking parlors. A morgue is being constructed in connection with this branch of their business. This arrangement will give this firm an excellent opportunity for an advantageous display of goods. They will also have large storeroom space in the basement.

A massive vault is being built within the block for the Bank of Nova Scotia. Resting on the basement floor it extends to the floor of the second storey. The entrance to the bank will be particularly handsome. All windows on the second storey will be of heavy plate glass. The bank will have mullion windows, with stone arches, and fan tops. The first storey will be sixteen feet high.

The second storey which will be thirteen feet high will consist of a row of offices fronting both Jasper avenue and First street. The rest of the floor will be occupied by McIntosh and Campbell with a ware-room for the display of their goods. The windows of the second and third storey on First street will be circular headed with brick arches, and no trimmings and moulded capitals.

The third storey will have a height of twelve feet and like the second storey will have offices overlooking Jasper avenue and First streets. The remaining portion of the floor will be occupied by McIntosh and Campbell as a furniture room.

The fourth storey which will be twelve feet high will probably be occupied as a society's hall although final arrangements concerning it have not yet been made.

The whole building will be a distinct credit to the town. Jas. McAllister is the contractor for the mason work and Mr. Pomeroy for the carpenter work. H. D. Johnston is the architect for the building.

## WETASKIWIN PUBLIC SCHOOL

The new Wetaskiwin public school which is now being erected will consist of a full sized basement ground floor, second storey and assembly hall. The building will be 78x77 feet, and will be heated by hot air. There will be twelve class rooms, four on the ground floor, four on the second storey, and two temporary

rooms in the assembly hall. The building will have a solid stone foundation, and will be constructed of Red Deer red brick and Calgary sandstone. The building will have a red brick tower. The building will be a splendid one and reflects credit on the enterprise of the Wetaskiwin school board. H. D. Johnston, Edmonton, is the architect.

## HUNTING THE ROBBERS.

A Large Force of Special Police and Detectives are Searching the Country for Traces of the Hold up men.

Vancouver, Sept. 12th.—The robbers who held up the transcontinental C.P.R. train are surrounded. Pinkerton men and special police are working hard along the boundary of Washington state and the Province of British Columbia. The city police and the C.P.R. detectives and a large body of specials are beating the country from where the robbers got off the train to the boundary.

While reports are flying thick, the C.P.R. say no news has been received except that there was found floating across the river the means by which the robbers crossed the Fraser.

The C.P.R. authorities offer a re-

ward of \$1,000 for information leading to the capture of the robbers. They are sending out a fresh batch of specials to-night and will not consider money at all in any attempt to capture the train robbers.

Later: A posse of special and city police left at midnight to-night to reinforce the large body of police already in the vicinity of Mount Lehman, B.C.

The report is that the train robbers have been traced to the woods in that vicinity, and to prevent the possibility of them escaping a large number of the police are forming a cordon many miles in circumference around the supposed hiding place of the robbers.

## G. T. P. RAILWAY SITE

A meeting of the property holders on the proposed site of the Grand Trunk Pacific Railway station yards was held in the town hall yesterday evening. There was a very large attendance. Mayor Short occupied the chair. He briefly stated the object of the meeting. The Railway Commission would visit Edmonton to-morrow, and the council wished to be in a position to put the situation as regards a union station and other questions in relation to railway matters at Edmonton at the present time definitely before the Commission. It would also be necessary for them to know how matters stand in regard to the G.T.P. Railway site, in order that the town's position could be clearly stated to the Grand Trunk officials on their return from the coast. W.H. Clark and other property-holders in the section which the G.T.P. officials wish to acquire, were heard. Numerous options on parcels of land were received. In order to facilitate matters a committee, consisting of Messrs. Clark, Degendorfer and Lee, was appointed to appraise the land in the most satisfactory manner. The committee reported that their appraisal of the value of the land alone was \$258,850. It was decided, in the case of all options received, that provided the figures be considered too high, they be submitted to arbitration. The meeting adjourned without any further definite action being taken.

## NO TELEGRAPHIC

The Bulletin has received none of the usual press dispatches from Winnipeg this morning owing to the telegraphic lines east of Calgary being down.

## RAILWAY COMMISSION

The railway commission will arrive in Edmonton this evening and will spend to-morrow in the city. J. H. Morris, president of the Board of Trade received this information by telegram this morning. The commission will be met at the station by the committee appointed for this purpose. To-morrow they will be driven about the city and will inspect the site of the Canadian Northern station yards and the proposed site of the Grand Trunk Pacific yards and car shops. Other matters in connection with the railroad questions at Edmonton will be discussed with the commission.

Only one complaint will be laid before the commission. It will be by Mr. Drummond, charging the railway with delay in the transshipment of freight.

# **PONOKA AS AN OIL CENTRE.**

Herald.

Oil in very large quantities has been secured in Alberta, both north and south. It is now a pretty well established fact that the same thing may be done right here at Ponoka. Evidences of this have been seen in various instances. Right at this office we dug a well last week twenty-four feet deep, and the water in the same contains so much oil that it is unfit for use. F. E. Drummond, southeast of town, states that he can show anyone oil in his neighborhood running in streams on top of the water from the springs. In the light of these evidences and others, and in the face of the discovery in such large quantities in other parts of the district, it is not at all doubtful that there is a good opening for prospectors in this line here. There is one man in Ponoka who is so thoroughly convinced of the existence of oil at this place that he is ready to put several hundred dollars into a company to be organized for the purpose of boring for oil in this district. It is stated that the reason we have heard so little of late regarding the oil wells in southern Alberta is that the company has been bought off by the Imperial Oil Co., which wants to retain its present monopoly of the Canadian oil business.

## **WETASKIWIN C. P. R. BRANCH.**

Wetaskiwin Post.

Mr. Phelan who is a member of the firm of Messrs. Phelan & Shirley, railway contractors, who have the entire contract for the Lacombe extension of the C. P. R. and eight miles of the heavier work upon the extension running at present from Stony Creek east of Wetaskiwin, was in town today. Mr. Phelan was kind enough to drive us out to the camp at Pipestone Creek and a very cursory glance at the work in its present stage soon convinced us of the necessity of believing that it is extremely improbable that the rails will be laid this fall, and we believe the hands of all the workmen will be pretty cold before Messrs. Phelan & Shirley's grading contract is completed. They have eight miles of extraordinarily heavy work, some of the cuts being as much as 120 feet deep and there is easily two months more work left before this firm will have completed their work, by which time the construction gang will hardly think of starting to lay metal before spring. The permanence and solidity of the work being done is undoubted and the mere fact of nothing being scamped and time being no object is a very hopeful sign in our eyes. Messrs. Phelan and Shirley's contract for the eight miles alone aggregates at a probable 300,000 yards, which is indicative of what the extension is costing the company. The entire twenty-five miles graded this season, when it is completed will in all probability cost about \$2,000 to \$25,000 a mile complete, which an expenditure of roughly speaking half a million dollars to the C. P. R. They are hardly likely to spend all this money in prospect of what business they can draw from twenty-five miles east of Wetaskiwin, and one has only to look at the cut and fill work on Phelan & Shirley's contract at the Pipestone to see that everything is being carried through in a permanent and large scale and that no expense is being spared in order to make the road a permanent and solid one.

Burch and FullerThe Canadian Northwest  
Homestead RegulationsAny even numbered section of Do-  
minion Lands in Manitoba or the  
Northwest Territories, excepting 8  
and 16, which has not been home-  
steaded, or reserved to provide wood  
lots for settlers, or for other pur-  
poses, may be homesteaded upon by  
any person who is the sole head of a  
family, or who is male over 18 years of  
age to the extent of one quarter sec-  
tion, of 160 acres, more or less.ENTRY.—Entry may be made per-  
the district in which the land to be  
taken is situated, or, if the home-  
steader desires, he may, on applica-  
tion to the Minister of the Interior,  
Ottawa, the Commissioner of Immi-  
gration, Winnipeg, or the local agent  
for the district in which the land is  
situated, receive authority for some  
one to make entry for him. A fee  
of \$10.00 is charged for a homestead  
entry.HOMESTEAD DUTIES.—A settler  
who has been granted an entry for  
a homestead is required by the pro-  
visions of the Dominion Lands Act  
and the amendments thereto, to per-  
form the conditions connected there-  
with, under one of the following  
upon and cultivation of the land in  
each year during the term of three  
plans:(1) At least six months' residence  
years.  
(2) If the father (or mother, if the  
father is deceased) of any person who  
is eligible to make a homestead entry  
under the provisions of this Act, re-  
side upon a farm in the vicinity of  
the land entered for by such person  
as a homestead, the requirements of  
the Act as to residence may be satis-  
fied by such person residing with the  
father or mother.(3) If a settler has obtained a pat-  
ent for his homestead, or a certifi-  
cate for the issue of such patent,  
countersigned in the manner pre-  
scribed by this Act, and has obtained  
entry for a second homestead, the  
requirements of this Act as to resi-  
dence prior to obtaining patent may  
be satisfied by residence upon the  
first homestead, if the second home-  
stead is in the vicinity of the first  
homestead.(4) If the settler has his permanent  
residence upon farming land owned  
by him in the vicinity of his home-  
stead, the requirements of this Act  
as to residence may be satisfied by  
residence upon said land.The term "vicinity" used above is  
meant to indicate the same township  
or an adjoining or cornering town-  
ship.A settler who avails himself of the  
provisions of Clauses 2, 3, or 4, must  
or substitute 20 head of stock, with  
cultivate 30 acres of his homestead,  
buildings for their accommodation,  
and have besides 30 acres substan-  
tially fenced.Every homesteader who fails to  
comply with the requirements of the  
homestead law is liable to have his  
entry cancelled, and the land may be  
again thrown open for entry.Application for patent should be  
made at the end of three years, be-  
fore the local agent, sub-agent, or  
Homestead Inspector. Before making  
application for patent the settler  
must give six months' notice in writ-  
ing to the Commissioner of Dominion  
Lands, at Ottawa, of his intention  
to do so.Information.—Newly arrived immi-  
grants will receive at the Immigra-  
tion Office, in Winnipeg, or at any  
Dominion Lands Office, in Manitoba  
or the Northwest Territories, infor-  
mation as to the lands that are open  
for entry, and from the officers in  
charge, free of expense, advice and as-  
sistance in securing land to suit them.  
Full information respecting the land,  
timber, coal and mineral laws, as well  
as respecting Dominion Lands in the  
Railway Belt in British Columbia,  
may be obtained upon application to  
the Secretary of the Department of  
the Interior, Ottawa, the Commis-  
sioner of Immigration, Winnipeg,  
Manitoba, or to any of the Dominion  
Lands Agents in Manitoba or the  
Northwest Territories.

## LOCAL

—The Hudson Bay Company are erecting a large addition to their store at Battleford.

—A meeting of Maccabees will be held Thursday evening, September 15th, in Sandison Hall.

—Efforts are being made to have a lacrosse match with Strathcona Thursday evening, the 15th.

—A splendid rehearsal of the Confederate Spy was held in the skating rink theatre last evening.

—The Ancient Order of Foresters meet in Secretary's Rooms on Tuesday evening for important business. Be there on time.

—Already the hockey team is talking of organizing for the coming winter. A meeting will likely be held shortly when the first steps toward organization for next year will be taken.

—A harvest festival will be held at the Poplar lake school house on Friday evening, September 23rd. It is given in aid of the funds of the little mountain cemetery. F. Oliver, M. P. will act as chairman.

—Free Press.—There is a great rush of steel rails coming forward for the C. N. R., says the Port Arthur Chronicle, the steel trust people making every endeavor to deliver their contract before the close of navigation. Three boats are now in and the fourth is on the way.

—The regular meeting of the W. C. T. U. will be held in the lecture room of McDougall Methodist Church on Wednesday afternoon next, the 14th, at half past three o'clock. As delegates will be appointed at this meeting to attend the convention in Calgary on October 5th and 6th, every member is especially requested to be present.

—The Strathcona council are fencing the last hill on the approach to that town from Edmonton. This is a great boon to all using this road as in the fall when the roads will be frozen up hard, the wheels of vehicles are inclined to slip toward the embankment. These fences along the brow of the hill will give bus and dray drivers a feeling of security that they have not had heretofore while using the road.

—Capt. Cones' new steamer, The Alberta, which he expected to have running on the Saskatchewan river this year has not yet been taken off the dock at Prince Albert, where it was constructed. The boat was completed and ready for the water a considerable time ago, but the boiler had not arrived. It was expected for weeks but failed to arrive until last week, when it was immediately installed. The steamer will make the trip up the river to Edmonton first thing in the spring.

—The Epworth League of the Kinsistone avenue Methodist church was organized last evening. There was a good attendance. The officers are: Honorary President, Rev. C. L. Hall, pastor of the church; President, W. Best; 1st Vice President, J. P. Fraythe; 2nd Vice President, Miss Jarrett; 3rd Vice President, Mrs. J. H. Bell; 4th Vice President, Mrs. H. Stubberty; Recording Secretary, O. C. Sutherland; Treasurer, Miss N. T. Gower. Rev. C. E. Huestis presided.

## PERSONALS

J. G. Wright, of Regina, is in the city today.

J. B. Ross left this morning for Meleod, Alta.

J. H. McKinley left this morning for the south.

R. A. Robertson took a business trip down the line this morning.

A. W. Dingman, promoter of the Edmonton gas and oil company arrived in the city last night from Toronto.

## LOCAL

—Train on time.

—Rails are being laid on the Dowling Milling Company's spur from the E. Y. and P. station to their mill.

—Major Strickland returned this morning from accompanying Lord Minto's party as far as Beaver Lake. The party were making good progress.

—In connection with the Kinsistone Methodist Church a Sunday School has been organized commencing at three o'clock and an adult bible class will be held at two o'clock to study the lesson, each Sunday.

—Geo. Erasmus, formerly of Prince Albert, who has spent the past three summers on the Hudson Bay steamer Graham in the north, arrived in the city yesterday. He intends returning north with Colin Johnstone, trader at Wabiscaw, who expects to leave shortly.

—The contractors for the new Hudson Bay stores have received a large supply of iron and steel structural works and construction work will now be rushed through to completion. The long wait for this iron has caused a corresponding delay on the work on the new store.

—Thos Bellamy has been confined to his house for some time suffering from a badly sprained ankle. Recently while driving in the country Mr. Bellamy's team took fright and he was thrown from the rig, sustaining the accident. He will be able to be out in a few days.

—Four horse teams have been busy to day hauling the immense structural work for the new blocks in course of erection in the city from the station. Building operations in many cases have been greatly delayed by the non-arrival of these irons, and it is now expected that construction work will proceed rapidly.

## PERSONAL

Mrs. Dr. Wilson and family returned to the city last night from Banff.

—The Railway Commission will arrive in Edmonton tomorrow.

—The regular meeting of the city council will be held this evening.

J. B. Longlais left yesterday morning for Vancouver.

J. C. Chisholm and family left this morning for Winnipeg.

E. Laurencelle, of Laurencelle & Coriveau, proprietors of the Windsor Hotel, returned last night from a trip to Seattle.

Mr. and Mrs. Williamson, father and mother of Williamson Bros., Edmonton, left for Toronto this morning from a visit to their sons here.

R. V. Bellamy and Miss Edith A. Bellamy left this morning for Winnipeg where they will visit friends for a few days. Miss Bellamy then leaves for Moulton College, Toronto, while Mr. Bellamy leaves for England to take up his Rhodes' scholarship course at Oxford University.
